

**Remarks**

Claims 1-27 were pending. No claims were cancelled. Claim 28 was added. Therefore, claims 1-28 are now pending.

The claims were amended to comply with U.S. practice. For example, multiple dependencies were removed, sequence identifiers were included, and antecedent basis was corrected. Support for new claim 28 can be found in claim 25.

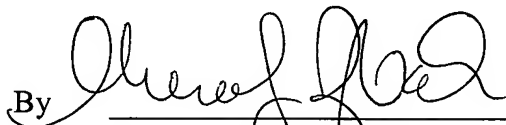

The specification was amended to include reference to the priority applications and to include reference to sequence identifiers.

No new matter is added by this amendment, and no amendments were made to distinguish prior art.

If there are any questions regarding this amendment, the Examiner is invited to telephone the undersigned.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
